📍 Cairo

## SUMMARY

As a Front-End Developer, I specialize in building user interfaces using the React JavaScript library. My responsibilities include creating interactive and dynamic web applications, implementing reusable components, managing state effectively, and optimizing performance for a smooth user experience. I also work with other technologies such as JSX, Redux for state management, and various React tools and libraries to develop robust and efficient front-end solutions. Additionally, I have a solid understanding of network fundamentals, which enhances my ability to build more efficient and connected applications.

## EDUCATION

Bachelor of Science in Computer Science and Artificial Intelligence — Graduated with Honors (Very Good grade).

Helwan University

📅 09/2020 - 06/2024

## LANGUAGES

English

Proficient

## PROJECTS

Health monitoring website

📅 02/2025 - 05/2025

Elzhraa Helwan University Student reservation

📅 11/2023 - 06/2024

## KEY ACHIEVEMENTS

Advanced Frontend Web Development using ReactJS

ITI certified web Application

Meta Certified Advanced React

## SKILLS

Bootstrap

CSS

GitHub

HTML

JavaScript

JSX

Node

React

Redux

TypeScript

Network basics

Next

## TRAINING / COURSES

Meta certified Advance react

Advanced Frontend Web Development using React JS

ITI certified web Application using PHP

An ITI certified web Application using PHP
